

## ALBUMS

### LUXURY ALBUMS

These albums are made in Italy and boast superior quality. All luxury albums are made using a revolutionary binding system which allows them to lay flat. This means you get a panoramic and detailed view of the whole spread, including the parts positioned over the seam, without ruining the image.

All luxury albums include up to 60 pages.

I carry out the design myself for these albums using a collage style layout. This enables me to use approximately 100 images from your big day.

## RIBBED ALBUMS

These landscape albums are not quite as advanced compared to the luxury albums but still offer a contemporary album that will show off your favourite images from your big day.

Available in two sizes; they make a lovely keepsake from your special day. These albums are also available to buy in bulk.

These albums have 20 pages and come with a collage style layout. These albums do not allow an image to run across the centre seam. Albums ordered in bulk will be exact duplicates of each other. All ribbed albums are printed on photographic paper with a gloss finish.
